

*You didn't think we were done, did you?
While we hope you have a great route planned for today,
here's a nice combo to tempt you.*

**[WGC]
Whispering Giants Combo**

Points: 555

Collect all three (3) Whispering Giants bonuses:

- Two Harbors, MN
- Hayward, WI
- Wakefield, MI

and you can add an additional 555 points to your score. If you ventured out to the Friday night group photo, you've already collected 1/3 of this combo bonus!

If you did not make it to the Wakefield Whispering Giant last night (oops), you can still complete this combo. We added a special bonus to fill that gap:

[WGW]	46.47823	-89.94110	Points: 50
Wakefield, MI			
673 M-28			

Nee-Gaw-Nee-Gaw-Bow means "Leading Man" in Chippewa. This was the 59th carving done by artist Peter Wolf Toth and completed in 1988. If you collected the group photo bonus last night you can skip this one today. If for some reason you missed the group photo bonus you can still complete the combo and claim the additional 555 points. That said, today (Saturday) the points for the Wakefield Whispering Giant bonus are 50. Take a photo of the Whispering Giant carving on the pier at Sunday Lake in Wakefield.

Riders claiming the WGC combo bonus using the Friday night group photo will need to successfully claim WGT, WGH and WGP.

Riders claiming the WGC combo bonus who did not participate in the Friday night group photo will need to successfully claim WGT, WGH and WGW.
